

Blister Cushions

Specifically designed with blisters in mind!

Clear discreet blister protection

- So clear it's virtually invisible
- Ideal to prevent blisters forming, and equally suitable to put over a blister to prevent further discomfort and infection.
- Incredibly flexible to fit around fingers, toes, heels, in fact anywhere on the body
- Medical grade adhesive for sensitive skin
- Breathable and waterproof

Instant pain and pressure relief

The Blister Cushions thick water based gel helps to cushion wounds and blisters against rubbing and knocks anywhere on the body - **child friendly**.

Ideal for walkers and all sports
