# Sterochef

**First aid kits, plasters and dressings for the food and catering industry.**

**The law requires that food processors and anyone handling food must use blue dressings.**

Sterochef blue, electro-magnetically detectable dressings are coated with a medical grade, high-tack adhesive, making them the **most reliable brand on the market!**

**When applied to clean dry skin, they'll stay in place, preventing them from entering the food chain, which could have very serious consequences and be very costly if a batch recall was required.**

**Sterochef Catering Kits, compliant with BS8599-1, supplied in a blue polypropylene 'Premier' case, or a durable blue nylon bag.**

**Steroplast's British Standard catering first aid kits (branded Sterochef), compliant to BS8599-1 are all you need to achieve compliance and peace of mind.**

**Sterogrip in blue, specifically for the catering industry.** Blue Sterogrip is the essential support bandage for anyone who has sustained an injury, but continuing to work in a food and catering environment.

**Sterochef Strapping** is a blue plastic adhesive tape for use during food preparation, to tape around items of jewellery, preventing them from accidentally dropping into the food.

**Finger Stalls & Finger Cots** are easy to use and ideal for use in the food and catering industry.

The blue fingerstall must be used in food handling environments to ensure food hygiene regulation compliance.
