# Manufactured to the highest British Standards: **What sets us apart?**

## Product endorsements

When buying a product for the first time, you'll want to know you're making the right decision. The Steroplast brand has been endorsed by healthcare professionals within hospitals, the emergency services and a diverse range of medical markets.

## From the UK to 57 countries

Export accounts for more than 25% of turnover and continues to grow year-on-year, demonstrating our company's competitive edge and consistent product quality.

## Outstanding manufacturing expertise

Our knowledge and expertise as a UK manufacturer has enabled us to hand-pick the best global partners that deliver a consistently high-end quality product.

It is important to remember what sets us apart. We work within the very strictest guidelines required within healthcare.

## An ethical business offering unrivalled quality

At Steroplast we are committed to the very highest standards of quality and ethical business practice. We abide by the most stringent medical and ethical guidelines monitored by each of the following governing bodies:

All our products go through a series of quality inspections, and carry the essential **"CE" mark** - your guarantee that each and every product exceeds the stringent quality standards required in the healthcare sector.

## Medicines and Healthcare products Regulatory Agency

Our quality system is fully compliant with the MHRA.

## Supplier Ethical Data Exchange

We are members of an organisation for businesses committed to the continuous improvement of their ethical supply chains.

## The Medical Device Directive

Steroplast conducts its operations in full accordance with the requirements of BS EN ISO 13485:2012 supported by:

The Medical Device Directive (M.D.D.) 93/42/EEC and the Wholesale Dealers Authorisation Licence.

# Steropore

## Large Dressings

**The most flexible adhesive wound dressings on the market.** These large sterile dressings have the benefit of a hypo-allergenic adhesive that has excellent adhesion, making it perfect for dressing parts of the body prone to continuous movement (e.g. joints).

Their skin-sensitive adhesive makes them the number one choice for a child's sensitive skin, and are highly recommended for use in schools, nurseries and by childminders.

Used throughout NHS hospitals following all types of surgical procedures, they are ideal because they're so flexible and comfortable.

Retail pack

# Steropad

## Wound Dressing Pads

**Non-adhesive double-sided highly absorbent wound dressing.** The pad is double-sided which takes away the risk of the pad being applied incorrectly to the wound.

- Highly absorbent
- Safe for all ages
- Low adherent
- Cushioning protection
- Sterile & individually wrapped

Retail pack

**Microporous Tape:**  
REF: 8105FC/1

The dressing pad can be secured in place with microporous tape.

# Sterostrip-Ultra

## Ultra fine adhesive wound dressing

**Made from a film that conforms to the body like a second skin.**

- Often referred to as a “second-skin” dressing because it is so thin, it’s virtually invisible
- A superb dressing chosen by surgeons following surgical procedures for improved patient comfort while allowing the individual to bath and shower
- Used in hospitals following surgery to cover and protect the wound site
- Sterile low adherent absorbent pad
- Film-coated with acrylic adhesive, making it hypo-allergenic

DESCRIPTION	SIZE	PACK	REF
Sterostrip - Ultra	6cm x 7cm	1 x 25	7675/25
Sterostrip - Ultra	8cm x 10cm	1 x 25	7676/25

# Sterostrip Sutures

## The strongest sutures on the market

The nylon strengthening fibres run the length of each suture adding to the strength of the suture, and preventing them from snapping under stress through normal body movements.

- Individually wrapped & sterile
- Hypo-allergenic for less skin reactions
- Prevent wounds from re-opening, ideal for knife cuts and similar deep wounds
- The medical grade adhesive is formulated to ensure the strip stays on longer, which in turn leads to a better healing wound or incision

DESCRIPTION	SIZE	PACK	REF
Sterostrip - Sutures	3mm x 75mm	10 pouches of 5	7858
Sterostrip - Sutures	6mm x 75mm	10 pouches of 3	7859

# Steroplast® STEROGRIP

## Elasticated Tubular Bandage

1m Elasticated Tubular Bandage, ranging in sizes to cover ankles, knees, thighs, wrists and elbow joints.

It is designed to provide support following soft tissue injuries, dislocation and sprains. Its knitted fabric construction with interwoven elastic fibres ensures excellent support. Made from a combination of a cotton rib-stockinette and covered latex rubber.

The even support and pressure that Sterogrip provides makes it ideal for sporting and general injuries.

The NHS has requested Sterogrip specifically for its quality

### FREE STEROGRIP SAMPLE

Email: **sales@steroplast.co.uk**

#### ✓ Easy to apply

Sterogrip is quick and easy to apply, providing instant support to painful joints within minutes.

#### ✓ Re-usable

The bandage can be washed and re-worn without losing its quality or effectiveness.

#### ✓ Stays in place

The bandage will continue to support the joint without being secured in place with pins.

#### ✓ Ideal for sports

Used to support painful joints in sports and recovery from sprains and strains.

SIZE	REF
5.0cm x 5.0cm	3006FC/1

Available in trial packs of 12 or 24. To place a trial order call us on: (0)161 902 3030.

# The plaster range that's safe for use on children

All Steroplast's hypo-allergenic plasters are perfect for a child's sensitive skin. **PLUS**, the high-tac medical-grade adhesive ensures they stay on longer!

## ? Which plasters are ideally suited for use on children?

Some children have allergies to the adhesive used on fabric plasters (i.e. plasters that contain **latex**), which is why we recommend parents, schools, & child carers use Steroplast's **Washproof** and **Clear 16s** plasters.

DESCRIPTION	PACK	PLASTER SIZE	REF

# Sterotape Premium

An unrivalled rigid sports tape

## ✓ Ultra strong

The ultra strong adhesive ensures the tape stays in place during the most rigorous sporting activity.

## ✓ Ease of unwind

Unwinds with ease right down to the core, saving time & money while providing the right amount of pressure.

## ✓ Breathable

The specialist breathable adhesive allows the skin to breathe, making it more comfortable for the user.

## ✓ Serrated edge

The tape tears easily and neatly across the width and equally easily down its length by hand.

DESCRIPTION	SIZE	REF

# Sterofreeze Ice Packs

## For instant pain relief

An instant ice pack treats multiple injuries, and helps reduce swelling and bruising, and is perfect for an office, workplace or sports event as they don't need to be kept in a fridge.

*No freezer or  
pre-cooling required*

- Packs are safe to use on children
- Ideal for emergency pitch-side use
- Reduces in temperature far quicker than alternative brands
- Ideal to treat: sprains and strains immediately after the injury has happened, the most critical time
- Ice packs are ideal for all sports injuries particularly when no first aid facilities are close by
- No need to place ice packs in the freezer, simply squeezing the water sachet inside the ice pack activates them.
- Perfect for keeping in first aid kits in sports facilities and schools for unexpected injuries.
